General Information

Date

25 - 26 October 2024

Venue

Hilton Zurich Airport

Hohenbuehlstrasse 10

8152 Opfikon

Switzerland

Learning objectives

Understanding the disease forms the basis, being familiar with the treatment options available, enlarges the armamentarium and being able to implement them into clinical practice provides the freedom and the flexibility to offer sustainable personalized solutions to treat patients with acute and chronic aortic pathology in an aortic team.

During the CBL Seminar in Zurich, you will be taken on an intensive expert interaction journey through treatment concept of defined locations of the organ Aorta by addressing both open surgery and endovascular therapy.

Course Directors
