

Navigation from the anatomical  
stemless to the reverse fracture  
prosthesis

# Shoulder Compass

10<sup>th</sup> June 2025 | 09:00 – 16:00

Johnson & Johnson AG  
Luzernstrasse 21  
4528 Zuchwil

## Course Overview

This course provides thorough training in shoulder arthroplasty, with an emphasis on stemless anatomical, reverse elective, and reverse fracture prostheses.

Participants will benefit from a blend of hands-on presentations, clinical experiences and exercises using anatomical specimens, all designed to deepen their understanding of implant options and enhance their practical skills.

## Target Group

This course is aimed at orthopedic surgeons who wish to deepen their knowledge and practical skills in shoulder arthroplasty.

## Learning Objectives

- Conveying current evidence and clinical experiences in shoulder arthroplasty, with a special focus on reverse fracture prosthetics.
- Practical application of various prosthetic treatment options, including re-fixation of the tubercles in the fracture situation.

Dr. med.  
Jens Güttler  
Zuger Kantonsspital

# Agenda

10<sup>th</sup> June 2025

09:00 – 09:15

## Registration, Welcome & Coffee

*Dr. med. Jens Gütler, Johnson & Johnson*

09:15 – 10:00

## Presentation Shoulder Portfolio

*Florian Gerber (Johnson & Johnson)*

10:00 – 10:45

## Value Proposition

*Bryan Pearce (Johnson & Johnson)*

10:45 – 11:00

## Infection Prevention / Wound Closure

*Marina Stähli (Johnson & Johnson)*

11:00 – 11:15

## Break

11:15 – 11:30

## Cementless Reverse Fracture Prosthesis

*Dr. med. Jens Gütler*

11:30 – 11:45

## Preoperative Planning in the Fracture Situation

*Dr. med. Jens Gütler*

11:45 – 12:00

## Grafting Technique: My Experience

*Dr. med. Jens Gütler*

12:00 – 13:00

## Lunch

13:00 – 13:15

## Changing and Access to Wetlab

13:15 – 14:15

### Wetlab Session 1:

#### Stemless anatomical prosthesis (Global Icon™)

*Dr. med. Jens Gütler*

14:15 – 15:15

### Wetlab Session 2:

#### Reverse elective prosthesis (Delta Xtend®)

*Dr. med. Jens Gütler*

15:15 – 15:45

### Wetlab Session 2:

#### Reverse fracture prosthesis (Global Unite® Reverse Fracture)

*Dr. med. Jens Gütler*

15:45 – 16:00

## Summary, Take Home Message, Feedback and Outlook

16:00

## Course Closure

## Accreditation

SO and SGC Credits will be requested.

We are looking forward to navigating through the Shoulder Joint.
