

UPCOMING WEBINAR

Lung Volume Reduction (LVR) under the roof of interdisciplinarity

Date: Wednesday, June 11th 2025

Time: 17:00 - 17:45 CET

We are pleased to invite you to our upcoming webinar on "LVR-under the roof of interdisciplinarity", moderated by Prof. Dr. med. Bölükbas, Head of the Department of Thoracic Surgery and Thoracic Endoscopy at University Hospital Essen. Lung emphysema is a progressive respiratory disease that significantly impacts the quality of life of those affected. As part of our ongoing efforts to provide cutting-edge knowledge in this field of pulmonary medicine, this webinar will explore innovative treatment options for patients with advanced emphysema. Throughout the session, our expert speakers will discuss the pathophysiology of emphysema, the indications and the latest advancements for bronchoscopic lung volume reduction (BLVR) and surgical lung volume reduction (SLVR) procedures. We aim to provide healthcare professionals with valuable insights into optimizing patient outcomes and enhancing the management of lung emphysema.

Join us for an engaging and informative discussion that will contribute to your knowledge of these groundbreaking treatments and their role in improving patient care.

Agenda

- | | |
|---|--------------------------------|
| • Welcome | Thomas Bohmann |
| • Introduction | Prof. Dr. med. Servet Bölükbas |
| • LVRs
Interdisciplinary team approach for end stage lung disease | Dr. med. Didier Schneider |
| • Less lung, more fun
shrinking lungs with endoscopic lung volume reduction | Dr. med. Carolin Steinack |
| • Q&A and Closing Remarks | Prof. Dr. med. Servet Bölükbas |

Presented by

**Dr. med. Carolin
Steinack**

Senior Physician Clinic for Pneumology
University Hospital Zurich

**Dr. med. Didier
Schneider**

Senior Physician Clinic for Thoracic Surgery
University Hospital Zurich
